You have 5 minutes to compare and contrast Frog and Toad in the story with a Real Frog and Toad.

The timer interface is a circular blue dial. At the top, it says 'MODE:' followed by two options: 'Count up' with a white circle and 'Count down' with a green circle. Below this, there are five green upward-pointing triangles and five red downward-pointing triangles. In the center, a white digital display shows '0:05:00'. To the right of the display is a blue double-left arrow button. At the bottom of the dial are three circular buttons: a red pause button, a green play button, and a yellow double-left arrow button. A blue dotted line indicates the progress of the timer.
